I am an experienced Senior Motion Designer specializing in 2D and 3D animation and VFX compositing, with several years in the post-production and advertising industry. Proficient in After Effects, Blender, and DaVinci Resolve, I combine strong technical expertise with creative vision to deliver impactful visual content. Having worked extensively on campaigns for leading brands, I bring deep knowledge of motion graphics, visual effects, and 3D workflows, alongside proven experience in team collaboration, creative supervision, and mentoring.
